I'm a Frontend Developer specializing in building interactive, responsive, and visually appealing user interfaces. With strong expertise in JavaScript, TypeScript, React, Node.js, HTML/CSS, and WordPress, I combine technical proficiency with a keen eye for UI/UX design.

Experienced with Adobe XD, Figma, Sketch, and prototyping, I consistently stay updated on industry best practices. I thrive both independently and collaboratively, dedicated to delivering intuitive, engaging digital experiences.

Currently, I'm pursuing a full-time Berufssprachkurs (German, B2 level) at GFBM, Berlin.

Work Experience

01/2023 — 12/2024
Berlin, Germany

Frontend Developer TIME for kids

- Participate in design and implementation discussions to enhance project outcomes.
- Lead requirements engineering, clearly defining user and system needs to inform project planning.
- Develop responsive, user-friendly interfaces using HTML, CSS, JavaScript, and React.
- Build advanced front-end features with TypeScript, enhancing overall user experience and integrate RESTful APIs to connect front-end interfaces with back-end services.
- Write and maintain unit and integration tests using Jest and React Testing Library, and conduct cross-browser testing utilizing BrowserStack and Selenium to ensure compatibility.
- Collaborate effectively with cross-functional teams via Jira and Confluence, ensuring alignment and timely delivery.
- Actively contribute to Agile/Scrum processes, consistently meeting sprint objectives and adapting to evolving project needs.
- Ensure project quality through comprehensive testing, bug resolution, and documentation.
- Create detailed project documentation for user support and seamless project transitions.
- Developed a custom OPNsense theme, significantly enhancing usability and successfully meeting project goals.

08/2021 — 05/2022
Bangalore, India

Associate Consultant Capgemini

- Developed key modules for the TEM project, a React-based clinical application designed to track investigational products across manufacturing, supply chain, and clinical trial phases.
- Contributed actively to design discussions, aligning implementation with functional requirements and UX goals.
- Translated technical and business requirements into effective software solutions, ensuring timely delivery.
- Optimized software performance and proactively resolved defects for real-world clinical settings.
- Collaborated closely with cross-functional teams and provided guidance and mentorship to team members.

08/2019 — 07/2021
Bangalore, India

Associate Developer KayaDev AI

- Developed and maintained responsive web applications using React.js, TypeScript, and Redux for efficient state management.
- Built version 2 of the KayaDev AI homepage, leveraging React.js, Material UI, and CSS to significantly improve user experience and interface functionality.
- Designed and implemented a web-based UI for a People Counter application, seamlessly integrating backend APIs for robust data processing.
- Created a mobile app UI with Ionic React and React Hooks, ensuring optimal usability and performance across multiple devices.

Work Experience

- Integrated frontend applications with backend services using Node.js and APIs to enhance functionality and data management.
 - Collaborated actively with cross-functional teams to streamline workflows and optimize application performance.
- 11/2018 — 08/2019
Bangalore, India
- User Interface Developer**
BDIPlus
- Developed key components of Identity++, a centralized customer signal platform featuring advanced analytics.
 - Redesigned product modules and dashboards to significantly enhance user experience and interactivity.
 - Built dynamic user interfaces using React.js, integrating visualization libraries such as Recharts, Victory Charts, and Vis.js for effective data representation and network analysis.
- 03/2018 — 08/2018
Guwahati, India
- Freelance Web Developer**
Bonoowa Handmade
- Designed and developed the MissBonoowa website, balancing aesthetics with functionality.
 - Created responsive UI designs in Adobe XD and implemented them with PHP, HTML5, CSS3, and Bootstrap.
 - Developed custom post types, fields, plugins, and themes for flexibility and easy content management.
 - Enhanced user interaction by integrating dynamic functionalities using JavaScript.
- 10/2017 — 02/2018
Berlin, Germany
- Freelance Web Developer**
Richriver Skateboards
- Designed and developed custom landing pages using PHP, HTML, and JavaScript frameworks.
 - Managed web hosting, databases, and routine website maintenance to ensure optimal performance.
 - Implemented WooCommerce customizations and integrated PayPal for secure payment processing.
 - Developed and updated custom post types, plugins, fields, and themes for flexible content management.
 - Integrated APIs to enhance website functionality and user experience.
 - Collaborated closely with stakeholders to meet project objectives and deliver high-quality solutions.
- 06/2016 — 05/2017
Berlin, Germany
- Software Developer Internship**
TouchingCode
- Contributed to Apmato, a web-based system for creating multifunctional mobile apps.
 - Developed essential CMS features using JavaScript, enhancing layout usability.
 - Implemented localization and internationalization features, expanding user accessibility.
 - Built custom mobile applications for clients, like Mall of Berlin, using the Apmato system.

Education

- 01/2025 — 08/2025
Berlin, Germany
- Berufssprachkurse (BSK) | German B2**
GFBM
Berufssprachkurs Deutsch B2 (German Professional Language Course, CEFR B2)
- 01/2014 — 12/2016
Dhanbad, India
- Computer Engineering | Master's degree**
Indian Institute of Technology (Indian School of Mines), Dhanbad
Studied Masters of Technology in Computer Science Engineering
- 01/2010 — 12/2013
Manipal, India
- Computer Science | Bachelor's degree**
Manipal Institute of Technology
Skills: Computer Science · Spoken English
- 01/2007 — 12/2010
Assam, India
- Computer Engineering | High School Diploma**
Central Institute of Technology, Kokrajhar
Skills: Computer Science · Spoken English

Education

01/1997 — 12/2007
Assam, India

CBSE tenth | Regular/General High School/Secondary Diploma Program
Delhi Public School, Dhaligaon
Skills: Spoken English

Languages

— LANGUAGES

English

German

Volunteering

07/2015 — 03/2016
Lublin, Poland

Cover Page Designer
Indian Institute of Technology, Dhanbad

BufferedReader is the bi-annual departmental magazine of the Department of Computer Science and Engineering at IIT Dhanbad.

05/2015 — 06/2015
Lublin, Poland

Exchange Student
AIESEC in Poland

I was an active intern in the Local Chapter of AIESEC LUBLIN in POLAND for a period of 6 weeks. This program is focused on creating impact in the host environment, working with NGOs, schools or charities on issues like cultural education, community development or corporate social responsibility.
